This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE

These volumes have been prepared and published by a Committee of the Society of Colonial Wars in the State of Connecticut appointed at a Special Court of the Society held in Hartford on May 6, 1912. By that Court the Committee was ordered

> "to consider the matter of recording the cemetery inscriptions of Connecticut, not already published, and any other work of preserving records as they may recommend."

As directed by this vote the Committee reported to the General Court of the Society held in New Haven on May 28, 1912, proposing to print the vital records of the Town of Norwich as those of one of the most ancient and important of the civic communities of the State. The recommendation was approved by the Society, an appropriation for its prosecution was made, and the Committee entrusted with the task.

In the execution of its work the Committee has endeavored to secure the utmost accuracy of reproduction in spelling, punctuation and completeness of record, so as to put the reader in complete possession of all that the vital records contain.

A beginning of similar publication has already been made by the Connecticut Historical Society through its printing of the records of Bolton and Vernon. Counting that volume as Number One of the series, the Society is glad to link this publication with it as a second in what it trusts may speedily become an extensive issue of Connecticut vital statistics. It is the hope of the Society that the success of these volumes, if their reception shall prove favorable, will induce other patriotic societies to undertake a similar work for other Connecticut towns, and that the task may ultimately be assumed by the commonwealth itself.

The scope of these volumes is to present everything contained in the town records of Norwich in the way of vital statistics previous to the time when these records began to be kept under the more careful and elaborate system now in force. The vital

records of Norwich are contained in seven volumes, all of which are in good condition except the first. An excellent copy of that volume has been made for ordinary use. In the transcriptions here published, the original has been followed. The early Probate Records of Norwich may be found in New London.

The Committee desires to express its gratitude to Mr. Charles S. Holbrook, Town Clerk of Norwich, for his helpfulness, courtesy, and constant assistance in the prosecution of its task.

PREFATORY NOTE

The town of Norwich has been fortunate in the possession of a historian of unusual ability, fidelity and accuracy. The reader is therefore referred for all details concerning its story to Miss F. M. Caulkins's admirable *History of Norwich,* (Hartford, 1866). It may here be noted that Norwich was settled in 1659, under the name of Mohegan, and received its present name in 1662. The original township was much larger than its present extent. Beside the portion now known as Norwich, it embraced a part of Preston, including the present township of Griswold, till set off in 1687. Till 1786, it embraced the present townships of Bozrah, Franklin, and Lisbon; and, till 1861, the present township of Sprague. Till the times of these separate incorporations the vital statistics of these towns will be found in these volumes. The population of Norwich at the several censuses during the last century and a half has been as follows:

1756	5840
1774	7327
1790	about 3353
1800	about 3533
1810	about 3528
1820	3634
1830	5169
1840	7239
1850	10261
1860	14048
1870	16653
1880	21141
1890	23048
1900	24637
1910	28219

Ecclesiastically the First Society was that of Norwich Town which was the earliest portion of the territory to be settled. The Second Society was in the district known as West Farms or

Franklin. The Third Society was in what was successively known as Newent and Lisbon. The Fourth Society was approximately in the territory called New Concord and afterwards Bozrah. The Fifth Society was that denominated the "Long" or "East" Society in Preston. The Sixth Society was in that part of Norwich known as Chelsea and is now called the Second Society. The Seventh Society, formerly known as Pautipaug, is now extinct. The Eighth Society was formerly called Hanover, now the town of Sprague. The Church Records of all these societies, where extant, have been copied by the Connecticut Society of Colonial Dames of America and these copies are in the possession of that Society.

NORWICH VITAL RECORDS

PART I

FIRST BOOK OF RECORDS–NORWICH

[This volume contains, in addition to the following Vital Records, a few pages of Cattle Marks which commence on the first leaf with the book reversed and extend to the reverse side of the last leaf of Vital Records. The record, as printed below, is an exact copy following the ancient spelling and punctuation, the old pagination being retained in black faced, bracketed numerals. There are a few leaves of an ancient index which are not herewith reproduced; but which have been carefully studied, and all information amplifying the text has been added to it by footnotes, and the single complete entry which appears therein is as follows:]

Josiah Gayller of norwich Died, the 24th day January 1726/7

[An excellent copy of this volume apparently at least one hundred years old is the one which has been almost exclusively used in the Town Clerk's office. This copy has been carefully compared with the original herewith printed. No attempt has been made to retain the pagination of this copy, which differs somewhat from the original; but information from it, not contained in the original, has been added in brackets as in the first line of the text herewith.]

[1] Willyam Hough the ſon of Samuell H[ough and his wife] Suſannah was borne the 22d of Aguſt in the yeare of our lo[rd 1680]
